Visiting Associations Approval given by	
Signature	

This form must be completed when a Football NSW member Association team or club wishes to play trial matches against a team or club from another Football NSW member Association other than their own.

This form must be approved by both the Host Clubs Association and the Visiting Clubs Association.

Once both Associations have approved the trial match the Host Clubs Association is to keep this document on file should Football NSW request a copy for insurance purposes.

There is no need for Football NSW to approve this request if both associations have approved.

Trial matches must only be played on approved grounds suitable for football.

Grounds must be inspected and goalpost safety checked by the host club prior to usage.

Only players registered through PlayFootball to a member Football NSW Club will be covered for sporting injuries.

Football NSW Associations & their member clubs trial matches must be approved for Public Liability coverage to apply.

<b>INTER ASSOCIATION TRIAL MATCH APPROVAL (ASSOCIATION Use Only)</b>
